

EDGEPAK STRAW

*Cost efficient
Fast to assemble
100 % paper recyclable*

**WE SAVE RESOURCES IN
SUPPLY CHAINS,
FOR A BETTER
TOMORROW**

We save environmental and financial resources by optimizing supply chains. It's about innovating together to create smarter packaging and logistics solutions while always respecting people and ethical standards. This contributes to a better tomorrow for our customers, for society and for the environment.

FEATURES

A solution that provides high stacking strength and easy handling at a low carbon footprint

Benefits

- Cost-efficient
- Easy to assemble, also for bigger & longer boxes
- Full accessibility from front side/easy loading & unloading
- Beneficial inside versus outside dimension ratio
- Can be delivered flat or as a kit to assembly line
- 100% paper recyclable
- Flat compression test strength up to +4 ton
- Customizable lid options

Assembly

Step-by-step assembly

TECHNICAL SPECIFICATION

	Dry Conditions Acc. To ASTM D642-2015	After Climatic Conditioning Acc. ISTA3E Hot Humid conditions + Acc. To ASTM D642-2015
Product (Size of Box: 1200 x 800 x 800mm)	Stacking Strength	Stacking Strength
EdgePak Straw	49,3kN	40,5kN
Corrugated Box (ABC-flute, ECT 14kN/m)	20,2kN	10,1kN
Reinforced Corrugated Box (BC flute ECT 15kN/m + paper corner profiles)	42,2kN	28,0kN
Corrugated Box (AAA-flute, ECT 25kN/m)	29,5kN	22,1kN
Plywood Box, 6mm	50,0kN	45,3kN

MAKING A DIFFERENCE

WITH STRAW-BASED SOLUTIONS

Community

Local communities benefit from strawboard solutions by being able to sell straw, which is the residue from their crops, instead of burning it.

Health

Locally, health is improved due to reduced CO2 emissions, since the straw can be used in manufacturing of strawboard, rather than being burnt in the fields.

Environment

Straw solutions have a positive impact not only at the origin, but also at the end-destination, by minimizing landfill since the packaging solutions are biodegradable and recyclable as paper.

With our **MULTI-MATERIAL ENGINEERING** capabilities, we can develop sustainable packaging solutions for any product.

Our **TOTAL COST APPROACH** ensures that packaging is optimized, reducing total cost in your supply chain.

In addition, our **GLOBAL SUPPLY & SERVICE** capabilities enable us to provide both local support and global coordination, wherever you are.

Nefab, founded in 1949, is a world leading global provider of sustainable packaging solutions and logistics optimization services. Nefab serves global industrial companies in industries such as for example Telecom/ Datacom, Energy, Automotive, Healthcare equipment and Aerospace. Nefab has 2700 employees in Europe, North and South America and Asia. Owners of the Group are the Nordgren/Pihl family and FAM AB.
