

**NEFAB** YOUR  
PACKAGING  
SOLUTION.

## EXPAK A

*A lightweight, collapsible packaging system designed to withstand the toughest transport conditions.*

## IMPROVING BUSINESS IN YOUR WORLD

Nefab ExPak is a collapsible export packaging system made of plywood and steel. This combination implies superior performance in terms of strength, weight and volume utilization. Nefab ExPak has proven successful world wide in all industrial branches where valuable and sensitive goods require cost efficient protection and transportation.

# SPECIFICATIONS NEFAB EXPAK TYPE A

---

ExPak A consists of only one collapsible piece – bottom, lid and frame are attached to each other, simplifying handling and storage. The container, which is especially design for small-medium size products. Nefab ExPak A can also easily be customized according to customer specifications.

If required, the container is complemented with inner fittings and reinforcements, adapted to the packed product. Optional closing devices in spring steel and plastic facilitate reusing of the container.
