EXPAK S

A lightweight, collapsible packaging system designed to withstand the toughest transport conditions.

IMPROVING BUSINESS IN YOUR WORLD

A lightweight, collapsible packaging system, designed to withstand the toughest transport conditions. Nefab ExPak is a collapsible export packaging system made of plywood and steel. This combination offers superior performance in terms of strength, weight, and volume utilization. NEFAB ExPak has a proven track record worldwide in all industrial applications where valuable and sensitive goods require cost efficient protection and transportation.

SPECIFICATIONS NEFAB EXPAK TYPE S

ExPak S consists of six sections - bottom, lid and four loose sides. This design allows full access from all sides for loading and unloading, offering maximum flexibility in packing. The integrated locking system of tabs and slots provides logical and efficient packing and unpacking. Additionally, Nefab ExPak S can easily be customized according to customer specifications. If required, the container can be supplemented with inner fittings and reinforcements modified to fit the product packed.
