SOLUTION.

REPAK LE

*A flexible pallet collar system.
Cost-effective solution.
Safe & ergonomic handling.*

IMPROVING BUSINESS IN YOUR WORLD

Nefab RePak is an ideal solution for returnable flows. Due to its lightweight plywood material and collapsibility ratio, it ensures ease of handling and assembly. In addition to the plywood, the container is equipped with steel components to reinforce its longevity and strength for multiple uses.

SPECIFICATIONS NEFAB REPAK TYPE LE

The Nefab RePak type LE is the perfect solution for returnable flows since the box is totally integrated - all parts are connected. This facilitates improved handling, resulting in time-savings through the logistic process. Due to this construction it is also easy to assemble and collapse. The minimal volume when collapsed and the low weight are advantages that makes it possible to have a low return freight cost, even when it is a long distance. The container can be customized according to specifications, and optional features, such as a drop-down gate and surface treatment are also available.

TECHNICAL SPECIFICATION

Steel specification	Galvanized, euronorm DX51D+Z200
Sheet material thickness: lid/base/frame	6 mm/8 mm/6 mm
Steel material thickness	Hinges 0.8 mm; profiles 1.5 mm
Pallet	Four-way wooden pallet with plastic blocks
Other	Hinged Gates
Recommended min. size, external	600x400x485 mm
Recommended max. size, external	1200x1000x1085 mm
Max. nt weight of goods	Depending on pallet construction
Max stacking strength	3000 kg
Functional Temperature	-40°C to 80°C

With our **MULTI-MATERIAL ENGINEERING** capabilities, we can develop sustainable packaging solutions for any product.

Our **TOTAL COST APPROACH** ensures that packaging is optimized, reducing total cost in your supply chain.

In addition, our **GLOBAL SUPPLY & SERVICE** capabilities enable us to provide both local support and global coordination, wherever you are.

Nefab, founded in 1949, is a world leading global provider of sustainable packaging solutions and logistics optimization services. Nefab serves global industrial companies in industries such as for example Telecom/ Datacom, Energy, Automotive, Healthcare equipment and Aerospace. Nefab has 2700 employees in Europe, North and South America and Asia. Owners of the Group are the Nordgren/Pihl family and FAM AB.
