PACKAGING
SOLUTION.

REPAK P

*A flexible pallet collar system.
Cost-effective solution.
Safe & ergonomic handling.*

IMPROVING BUSINESS IN YOUR WORLD

Nefab RePak is an ideal solution for returnable flows. Due to its lightweight plywood material and collapsibility ratio, it ensures ease of handling and assembly. In addition to the plywood, the container is equipped with steel components to reinforce its longevity and strength for multiple uses.

SPECIFICATIONS NEFAB REPAK TYPE P

RePak P is perfectly suited for use in returnable packaging pools. An important feature of the pallet collar is its modular structure. The size of the package can be varied by number of collars used, facilitating an optimised unit load. For example, the combination of three collar heights, 200, 300 and 400 mm, enables unit load heights in increments of 100 mm from 200 up to 1100 mm.

RePak P offers an exceptional collapse ratio for the return transport. The pallet collars can easily be customised dimensionally and present optional features such as handle holes, drop down gates and various forms of surface treatment.

TECHNICAL SPECIFICATION

Steel specification	Galvanized, P02G Z200
Sheet material thickness, lid, base and frame	6 or 8 mm
Steel material thickness	0.4 and 0.8 mm
Locking alternatives	Plastic clip, spring latch
Pallet alternatives	Wooden runners, wooden four-way pallet, integrated fourway pallet in plywood/steel
Recommended min. size,	internal 200x180x100 mm
Recommended max. size,	internal 1600x1200x1000 mm
Other	Dangerous goods certification

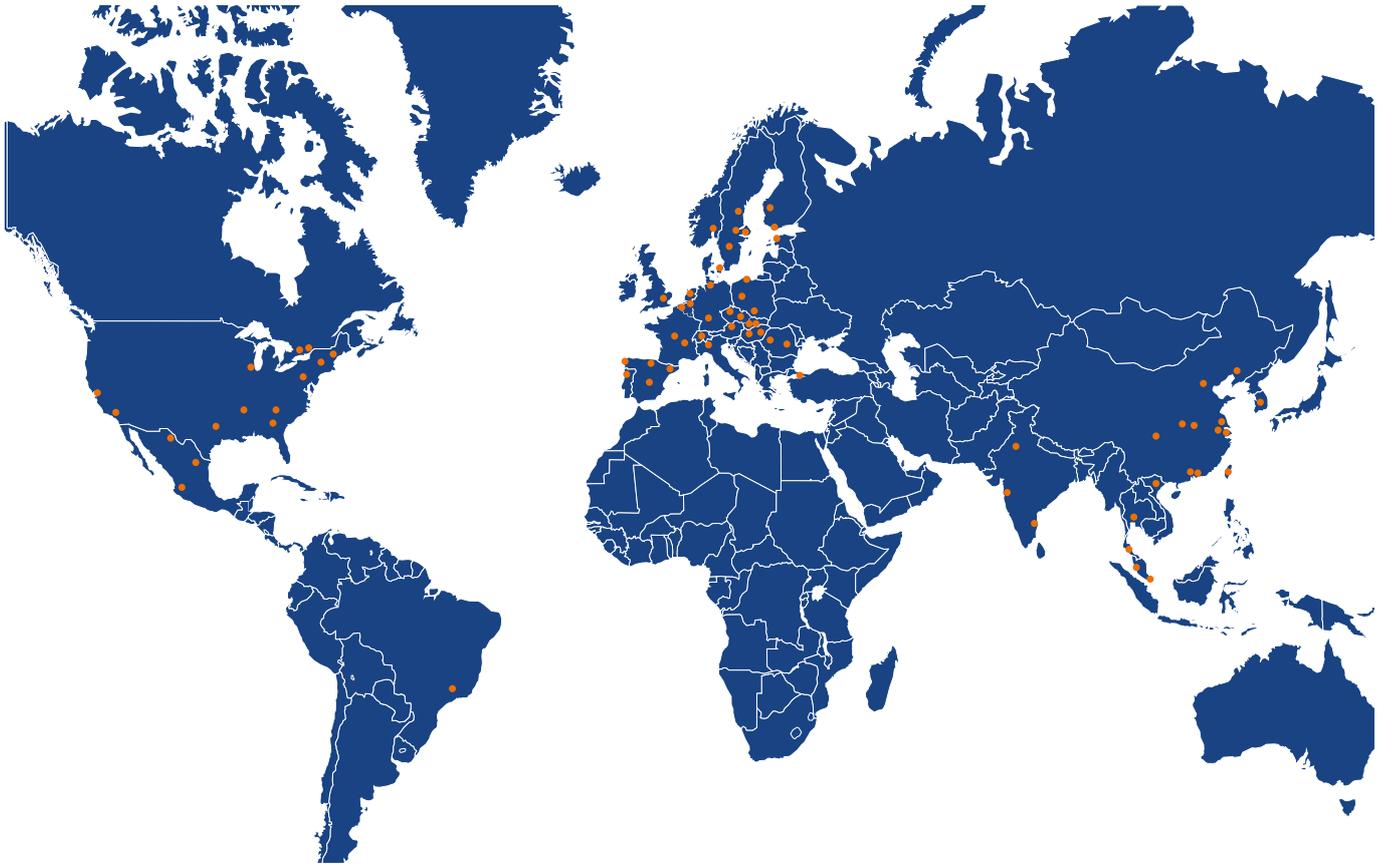

With our **MULTI-MATERIAL ENGINEERING** capabilities, we can develop sustainable packaging solutions for any product.

Our **TOTAL COST APPROACH** ensures that packaging is optimized, reducing total cost in your supply chain.

In addition, our **GLOBAL SUPPLY & SERVICE** capabilities enable us to provide both local support and global coordination, wherever you are.

Nefab, founded in 1949, is a world leading global provider of sustainable packaging solutions and logistics optimization services. Nefab serves global industrial companies in industries such as for example Telecom/ Datacom, Energy, Automotive, Healthcare equipment and Aerospace. Nefab has 2700 employees in Europe, North and South America and Asia. Owners of the Group are the Nordgren/Pihl family and FAM AB.
